## Many Solutions 1Source

1Source for Audio, Web & Video Conferencing

## The 1Source International Advantage

**Woman Owned:** Our mission is to make a positive difference in the usage and availability of conferencing and virtual communications solutions. We accomplish our objectives by offering the latest technology, exceptional value, and customer service that exceeds customer expectations. We are committed to excellence in all that we do. **100% customer satisfaction is our commitment.** WBENC Certificate # 241996 members since 2001

**GSA Awarded:** As of 2013, 1Source International has been awarded GSA certification. We look forward to expanding our current government business, and serving as a primary conferencing provider. Schedule: 70 Contract Number: GS35F003BA

**Conferencing Expertise:** 1Source is a team of conferencing experts with a combined industry experience of more than 60 years. Our focus has always been conferencing and we strive to stay ahead of the market by bringing the best services together and customizing a plan to individually fit the needs of our clients. We provide reservationless audio, operator assisted services, international toll free service, web and video conferencing services.

Superior Customer Service: Our success is dependent upon providing great customer support. As part of this commitment, we provide dedicated account managers to assist you with all of your conferencing needs. Depending on the client's needs and the client's size, we partner you with a strategic team of individuals who offer ongoing relationships and strong understanding of your specific needs and requirements. Your team is available 24/7, 365 days a year for technical support and assistance.

Your Specific Billing Requirements: 1Source considers client privacy to be of the highest importance. To ensure that your data remains secure, our billing is completed in-house and is never outsourced. As our client, you can customize your invoices using billing codes, moderator summaries, grouping and other reporting needs.

**Cost Savings:** 1Source is dedicated to providing superior service and support at an economical price. We charge a low rate per minute and FCC Mandatory USF/Recovery fee, but no state or federal taxes. By moving your service to 1Source, you not only get a premium service and dedicated support team, you also receive a rate that could result in saving you more per year compared to your current provider.

**First Rate Technical Systems:** 1Source is a global organization, providing services around the world and supporting fully redundant world-wide bridge systems and networks. We can provide ITFS & International Local Access for your clients and employees anywhere in the world. No matter where your call needs to take place, 1Source is there to support you.
